Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 12 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry day with sunny spells and winds strengthening.

Today:
Any morning fog soon clearing to leave a dry day with plenty of sunny spells. However, winds strengthen through the day, giving isolated gales along any coasts or exposed areas. Maximum temperature 21 deg C (70 deg F).

Tonight:
A cloudy evening with some good clear spells. Dry for most but some scattered showers developing in the evening and early hours. Minimum temperature 8 deg C (46 deg F).

Friday:
A largely cloudy day with some sunny spells. A risk of odd scattered showers throughout the day. Stronger winds than of late, with gales in exposed areas. Maximum temperature 21 deg C (70 deg F).

Outlook for Saturday to Monday:
Turning unsettled into the weekend, mostly cloudy and wet. Likely to be showery on Saturday. The rain is turning more persistent on Sunday and becoming showery again on Monday.
